

Strategic Management

DESCRIPTION:

Compared to private sector organizations, the public sector has a tremendously complex network of stakeholders, partners and customers with varying expectations. Beyond that, each public sector entity needs to understand its role in achieving higher purpose goals that meet the competitive ambition of the jurisdiction in which it operates. Designed for supervisory level staff, this program will give you practical tools and techniques to think strategically and how to apply them to your organization's context.

OBJECTIVES:

Upon completion of this program you will be able to:

- ✓ Employ the public policy development process effectively to achieve the strategic plan
- ✓ Design and manage strategic initiatives and cross-entity collaboration mechanisms to effectively execute strategies

OUTLINE:

- Communicating strategy to achieve vision
- Leadership and Strategic Decision-Making
- Overcoming strategic challenges
- Effective Strategy Execution

TRAINING CODE:

STMHR12

DURATION:

12 Hours

MODE OF DELIVERY

- Presentations
- Group discussions
- Role-playing
- Self-assessing exercises

DESIGNED FOR:

This course is suitable for Level 03 & 04
